

Beautification of CEC Housing Complex

We have some CEC properties (that house our low-income families) and they are in need of beautification projects. This could be gardening, painting, light shrub trimming, fencing building benches, or handyman work.

Please Let us know if you have the skills and dedication to help with these projects!

Please contact Tori Queen, tqueen@cechope.org, (682) 730- 2633

Thank you for helping share you gifts and talents with families in need!

Thank you!!
